

**Dear Parent**

**CIRCULAR NO.07/06**

14<sup>th</sup> April 2007

**We have great news!**

Please read this circular carefully as we are informing you of a very important decision taken by the Nursery Committee with regard to the upgrading of our training/playing facilities.

**Club's Upper Court**

The Executive Committee of the Pembroke Athleta Sports Club has decided to upgrade the upper court at the Club by installing Astro Turf & other embellishment. An agreement is being made by the Sports Club and the Investor/s for the implementation of this project and its management.

Our Nursery has undertaken to provide the funds needed. The cost of installation of the latest version of the Astro Turf, including enhanced floodlights, wire-netting, overhead net and other items amounts to LM15,000. This means that we have to raise immediately at least the amount of LM5,000 as it is anticipated that works will commence in the beginning of June of this year.

To achieve this aim the Committee has decided to take the following measures:

1. Registration fees –(boys) for Season 2007/08 to be raised to **LM40.00** for the whole Season
2. Registration fees –(Girls) for Season 2007/08 to be raised to **LM25.00** for the whole Season
3. Brothers pay LM70.00 instead of LM80.00, brother/sister pay LM 60.00 instead of LM65.00
4. **All fees are to be paid by the 15<sup>th</sup> May 2007.** Unfortunately we have to inform you that payments made after this date will bear an extra LM10.00 cost, to finance the extra interest to be incurred.

The Balance needed to finance the project will be funded by voluntary contributions and by a Bank loan. The more we collect the less we will need to borrow from the Bank.

The Nursery Committee feels that although an extra effort has to be made to raise the necessary funds, this is an opportunity which we should not miss. This new turf pitch together with the UEFA pitch at the Lower Court installed this Season will make our training/playing facilities at par with the top Nurseries in Malta.

The pitch will be the official size recommended by F.I.F.A for Futsal ( children can play 7-a-side and adults 6-aside) having optimal professional turf and providing excellent playing conditions.It will also be a source of revenue for loan repayment when hired outside training hours.

We are confident that you will support us in this bold venture and that you will send us the mentioned registration fee within the stipulated time so that we can finalise this important project which we anticipate to be ready by the end of June this year.

Those wishing to make other voluntary contributions should contact :

**Alfred Debono on mob. 79058981.**

In the meantime plans for the next phase of the Ground Sports Complex have been completed and can be viewed on the Sports Club notice board.

We thank you for the anticipated generous response to this venture.

Yours faithfully  
Yvonne Debono/ Administrator/Secretary
